Honoring

Kenneth A. Samet, FACHE
President and Chief Executive Officer, MedStar Health

An online presentation honoring the leadership of our honoree Kenneth A. Samet

Online Video Premiere and Virtual Tribute Journal Presentation

NOVEMBER 1, 2021
BNAIBRITH.ORG/HEALTHCAREAWARD
MedStar Health President and Chief Executive Officer Kenneth A. Samet is responsible for a $6.5 billion not-for-profit, healthcare delivery system.

With more than 35 years of experience in healthcare administration, Samet provides strategic oversight and management for MedStar Health—the largest healthcare provider in Maryland and the Washington, D.C., region, comprised of 10 hospitals, a comprehensive network of health-related businesses that includes ambulatory, home health, a large multispecialty physician network, and an insurance product with approximately 160,000 members.

MedStar Health has large research and innovation platforms, and one of the largest graduate medical education programs in
the country. In addition, MedStar Health is one of the region’s largest employers, with more than 31,000 associates and 4,200 affiliated physicians, serving more than half-a-million patients and their families each year. MedStar Health is proud to be the long-standing clinical and medical education partner of Georgetown University.

Samet has dedicated his career to healthcare. He received his master’s degree in health services administration from the University of Michigan in 1982. He has held leadership positions on the boards of the American Hospital Association (AHA), District of Columbia Hospital Association (DCHA) and Maryland Hospital Association (MHA), and served on the board of visitors for the University of Maryland School of Nursing. Samet is a past board member and chair of the Academic Affairs Committee of the Old Dominion University Board of Visitors, where he received his bachelor’s degree in business administration in 1980 and an honorary doctorate of humane letters in 2012, following his commencement address to the school’s graduating class. In 1996, the American College of Healthcare Executives named Samet the national Young Healthcare Administrator of the Year. Samet was honored with the Anti-Defamation League (ADL) 2015 Achievement Award, which recognizes leaders who have demonstrated a lifelong commitment to justice, pluralism and understanding.
The B’nai B’rith National Healthcare Award was established in 1983 to highlight the outstanding work of individuals and corporations that set the standards for health and education initiatives that better the lives of people throughout their communities and around the world. The esteemed recipients of the National Healthcare Award have shown a history of dedicated leadership and outstanding civic involvement in the healthcare field and in the general community. They support philanthropic causes benefiting health, youth, and education programs. B’nai B’rith has named our award in memory of Chuck Lauer, a past recipient and beloved member of the healthcare community. Chuck was the former publisher of Modern Healthcare and was the personification of the spirit of this award.

Funds raised from this event help enrich the lives of individuals around the globe through B’nai B’rith’s healthcare and disaster relief initiatives. Through programs that promote education, inspire advocacy, and provide financial resources, B’nai B’rith is dedicated to the health and welfare of those across the nation and around the globe. B’nai B’rith is proud to recognize our esteemed previous award recipients and is honored to present Kenneth A. Samet with the 2021 Charles S. Lauer National Healthcare Award.

MedStar Health is a $6.5 billion, not-for-profit health system dedicated to caring for people in Maryland and the Washington, D.C., region.

Through the combination of academic medicine, research and innovation across a comprehensive spectrum of clinical services, MedStar Health proudly serves more than one million patients and families annually. As the medical education and clinical partner of Georgetown University, MedStar Health has one of the largest graduate medical education programs in the country with more than 1,100 medical residents/fellows and trains more than 700 nursing residents annually.

**Vision**
To be the trusted leader in caring for people and advancing health.

**Mission**
To serve our patients, those who care for them, and our communities.

**Values**
Service | Patient first | Integrity | Respect | Innovation | Teamwork

**High Reliability Organization**
As a High Reliability Organization (HRO), MedStar Health is committed to delivering the highest levels of quality and safety to our patients with targeted focus on avoiding catastrophes in our risk-filled and complex environment.

**Services**
- Acute, Trauma & Surgery
- Ambulatory & Urgent Care
- Clinical Research & Innovation
- Community Physician Practices
  - Primary, Specialty & Surgical Care
- Geriatric/Elder Care & Support
- Health & Wellness Screenings
- Home Health & Hospice
- Managed Care
- Medical Transportation
- Nursing Home & Senior Living Support
- Palliative Care
- Pharmacy
- Physical, Occupational & Speech Therapy
- Radiation & Infusion Therapy
- Telehealth

**It’s how we treat people.**
Trusted Leader

- CHiME Most Wired Recognized 17 times
- American Nurses Credentialing Center
- 2 Magnet Hospitals & 1 Pathway Hospital
- NCQA Patient-Centered Medical Home
  49 Primary care sites recognized
- Homecare Elite Recognized for 9 consecutive years
- Nurses Improving Care for Healthsystem Elders (NICHE)
  10 hospitals NICHE-recognized, ranking MedStar Health 7th among U.S. health systems

Caring for People

- Serving more than 1.1 million patients and families annually
- Delivering care...
  - on mobile devices
  - in your home
  - at 360+ locations including 10 hospitals, ambulatory/urgent care centers, and physician offices

Using the best of our minds and the best of our hearts to serve and care for our communities across Maryland and the Washington, D.C., region.

Leading the market in...

- Cardiac Services
- Neurology
- Orthopaedics
- Rehabilitation
- Cancer Care

Advancing Health

- Medical Education and Clinical Partnership with Georgetown University

Research and Innovation
1,000 open research studies and more than $50 million of external funding

Clinical Transformation
Innovative care delivery

Grants and Contributions
$53 million received annually

Since 1843, B’nai B’rith International has been dedicated to improving the quality of life for people around the globe. A constant source of innovation and charity, B’nai B’rith has founded hospitals, orphanages, and senior housing communities and launched disaster relief campaigns, child safety guides, tolerance education programs, and countless other initiatives in the public interest. Today, B’nai B’rith serves individuals and communities around the world.

B’nai B’rith International is a leader in advancing global human rights, helping communities in crisis, providing senior housing and advocacy on vital issues concerning seniors, promoting diversity and tolerance education, and advocating for Israel. The notion of volunteers doing good work in their communities and beyond is the mission that has driven our organization since 1843. Over the course of three centuries, the B’nai B’rith network has evolved, grown and adapted with the changing times, but our core values and mission of improving the lives of those around the world remain the same.

HIGHLIGHTS FROM OUR DISTINGUISHED HISTORY

1843
B’nai B’rith is founded by 12 Jewish German immigrants at Sinsheimer’s Café on New York City’s Lower East Side.

1917
During World War I, B’nai B’rith raises $1 million to aid American troops and purchases this ambulance for the Red Cross in France.

1947
B’nai B’rith meets with President Harry S. Truman to advocate for the creation of the State of Israel.

2005
B’nai B’rith provides more than $1.1 million in aid to assist the victims of Hurricane Katrina.
B’nai B’rith’s community service efforts launched in the mid-1800s, when victims of a Baltimore flood were the first recipients of B’nai B’rith Disaster Relief Funds. In 1865, B’nai B’rith funded its first international assistance project, helping victims of a cholera epidemic in pre-state Israel.

The roots of those first relief campaigns continue to grow today as B’nai B’rith responds when natural and man-made disasters occur or when communities are in need in the United States or around the globe. B’nai B’rith focuses on helping communities rebuild. Long after the first-responders have left the scene, B’nai B’rith continues to offer assistance. In Sri Lanka and New Orleans, in Haiti, Nepal, Texas or anyplace in between, B’nai B’rith seeks to fill post-disaster needs that might otherwise be overlooked. B’nai B’rith has been steadily providing pandemic aid since March 2020, with face shields donated in Italy, food donations in Latin America and the distribution of thousands of Covid-Kits—with hand sanitizer and masks—across the United States.

In addition to aiding communities in crisis, or places devastated by disaster, B’nai B’rith volunteers are active in their local communities with a wide variety of local projects. These include distributing food to shelters and schools to feed the hungry, bringing joy and gifts to children in the hospital, providing kosher-for-Passover foods to those who cannot afford these special items to celebrate the holiday and much more.

**JEWISH CONTINUITY**

Since 1989, B’nai B’rith International has been the North American official sponsor of the Yom Hashoah program, “Unto Every Person There is a Name.” With B’nai B’rith’s help, many communities across the globe come together on Yom Hashoah to commemorate the Holocaust. The featured event is when participants read the names of Holocaust victims, where they were born and where they died. For many victims, it is the only time their name, and thus their life, will be remembered, as their entire family was murdered or there is no one left to remember them.

B’nai B’rith and Alpha Epsilon Pi (AEPi), a Jewish fraternity, have collaborated to bring “Unto Every Person There is a Name” to university campuses as part of AEpi’s own Holocaust Remembrance Day program “We Walk to Remember,” which began in 2006. AEpi brothers and other volunteers walk silently across their campuses wearing a “Never Forget” sticker provided by B’nai B’rith, which also supplies pamphlets to AEpi to distribute on the importance of Yom Hashoah. While we could not hold the beautiful demonstration this year due to the novel coronavirus pandemic, we look forward to coming together to honor Holocaust victims when it is safe to do so again.
FOOD DISTRIBUTION
Project H.O.P.E. (Help Our People Everywhere) is one of B’nai B’rith’s many community action projects. Here, our volunteers collect and distribute food packages to the poor and elderly during holidays.

DISASTER RELIEF
Working independently or in partnership with other nonprofit organizations, B’nai B’rith focuses on long term assistance, continuing to help when most others have moved on. Pictured here is B’nai B’rith’s effort to clean out and rebuild homes after disastrous floods devastated parts of Texas. Our disaster relief program has helped so many this year, including with pandemic-specific aid such as face shields, masks and sanitizer, plus assistance after Hurricane Ida in New Orleans and an earthquake in Haiti. Our global efforts are an example of what our organization does in times of crisis.

HUMANITARIAN AID
B’nai B’rith has brought tens of millions of dollars worth of supplies, medicine and relief efforts to communities in need throughout Latin America, Cuba and Africa. Pictured here is a delegation from the B’nai B’rith Center for Senior Services and the B’nai B’rith Young Leadership Network, now called B’nai B’rith Connect, who recently travelled together to Cuba on a humanitarian aid mission.

FOOD DISTRIBUTION
Project H.O.P.E. (Help Our People Everywhere) is one of B’nai B’rith’s many community action projects. Here, our volunteers collect and distribute food packages to the poor and elderly during holidays.
HUMAN RIGHTS AND PUBLIC POLICY

B’nai B’rith was present at the founding of the United Nations in San Francisco in 1945, and has taken an active role as a non-governmental organization at U.N. venues around the globe ever since. In addition, B’nai B’rith continues to be a vocal advocate for human rights at many other international organizations, with a wide range of foreign governments and through a diverse spectrum of faith-based and ethnic groups.

B’nai B’rith’s involvement in international affairs dates to the 1850s, when the organization spoke out against Switzerland’s anti-Semitic treatment of its Jewish residents. As we have throughout our history, B’nai B’rith continues to combat the scourge of anti-Semitism and other forms of discrimination still present today. The Boycott, Divestment, Sanctions (BDS) movement is particularly pernicious today. B’nai B’rith International is dedicated to sounding the alarm about anti-Semitism and anti-Israel bias and double standards. We marshal our efforts to combat and eradicate these odious factions.

B’nai B’rith also plays an active role in cultivating tolerance and international cooperation. This is done through high-level meetings with top government leaders, as well as through flagship programs such as our None Shall Be Afraid initiative.

Today, no other Jewish organization can point to a longer, more all-encompassing history of service to Jews and all people around the world. B’nai B’rith International continues to bring a strong voice to humanitarian, international and domestic policy.

SOME OF OUR PAST MEETINGS

INTERNATIONAL ADVOCACY

B’nai B’rith International has had NGO status at the United Nations since the world body’s founding conference. Today, B’nai B’rith continues to advocate on behalf of humanitarian issues at U.N. offices around the globe, including those in New York, Geneva and Paris.
INTERCOMMUNAL AFFAIRS
B’nai B’rith is committed to fostering dialogue and partnership with an array of religious and ethnic groups around the world. The organization has hosted high-level discussions with Catholic leaders, engaged with Muslim pluralists, stood up for the civil liberties of Hindus, opposed both religious coercion and curtailments of religious freedom, highlighted historical models of intercommunal solidarity and fought anti-Israel discrimination in several denominations. Pictured here, B’nai B’rith leaders speak with Pope Francis at the Vatican. The former Cardinal Jorge Bergoglio had previously hosted a B’nai B’rith Kristallnacht event while serving as archbishop of Buenos Aires, Argentina.

GOVERNMENT RELATIONS
B’nai B’rith International is the largest national Jewish sponsor of federally subsidized housing for the elderly in the United States, with 38 buildings in 28 communities. Since 1971, B’nai B’rith has worked in partnership with the Department of Housing and Urban Development (HUD) to make rental apartments available for senior citizens with limited incomes.

B’nai B’rith senior housing currently serves some 5,000 low-income seniors and is open to all qualified individuals as defined by HUD, without regard to race, color, religion, sex, handicap or national origin. In addition, B’nai B’rith has international senior housing options in five countries around the world.

With our unparalleled expertise in protecting seniors and advocating for aging issues, we serve as a respected voice on a wide variety of issues impacting seniors. Working with our members and supporters throughout the United States, our senior advocacy initiative advances B’nai B’rith’s agenda on a range of seniors’ issues to policymakers in Washington, D.C., and across the country. Such issues include Social Security, aging in place, access to quality healthcare, Medicare, funding for the aging services network and minimum wage.

Throughout this pandemic, we have remained dedicated to the population hit the hardest – our seniors. We have worked to ensure their safety and dignity. In a time when hope and positivity are needed, our Center for Senior Services staff and facility managers have provided it. Through our advocacy efforts, we have also worked with Sen. Robert Menendez of New Jersey on the Emergency Housing Assistance for Older Adults Act of 2020, which would provide critical funding for senior properties to better meet challenges associated with the virus – including the ability to purchase more personal protective equipment, expand service coordination and increase WiFi accessibility.
SENIOR HOUSING
The lack of an adequate supply of safe, affordable housing for low-income persons is a serious problem in the United States. As the largest national Jewish sponsor of low-income housing for seniors in the country and a recognized expert on affordable housing, we continue to advocate for increased resources for HUD-assisted senior housing.

SENIOR EDUCATION
Training seniors to stay educated and informed on current events that may impact them is another priority for B’nai B’rith. Through a public-private partnership, we have brought financial training workshops to our senior housing communities on topics including "Protecting Your Financial Assets in the 21st Century" and "Protect Your Pocketbook: Tips to Avoid Financial Exploitation."

SENIOR ADVOCACY
Lifelong access to quality, affordable housing and healthcare is crucial to ensure a healthy older population. Through our long-standing partnership with HUD, B’nai B’rith works with federal agencies to strengthen housing programs for low-income seniors as well as to advocate for improved access to better healthcare.
ISRAEL

Starting in 1888, B’nai B’rith began its presence in pre-state Israel, with the creation of the Jerusalem Lodge, which began laying the foundation for the cultural, economic and social rebirth of the Jewish nation and the State of Israel.

Another milestone was reached in 1980, with the establishment of the B’nai B’rith World Center-Jerusalem, our connection to a wide range of Israeli governmental, academic and cultural institutions. The World Center promotes strong Israel-Diaspora relations. It is the voice of the B’nai B’rith community to the Israeli government, national institutions and the non-governmental organization (NGO) community in Israel. The World Center also sponsors community service work, cultural programs and interchange.

B’nai B’rith is a staunch supporter and defender of Israel at the United Nations and its affiliated agencies, in world capitals and at a variety of international organizations. Domestically, we advance our Middle East priorities by communicating regularly with the White House, Congress and State Department to promote the Jewish community’s interests in the region. Internationally, B’nai B’rith encourages other governments to build stronger bilateral and regional ties with Israel. We provide analysis and expertise on current Middle East issues, and we facilitate Israel’s efforts to provide humanitarian assistance abroad. As a founding member of IsraAID (the Israel Forum for International Humanitarian Aid), B’nai B’rith has worked with many relief organizations to bring humanitarian aid to communities around the globe.
Since its establishment in 1992, the B’nai B’rith World Center-Jerusalem Award for Journalism has recognized excellence in reporting on contemporary Diaspora Jewish communities and on the state of Israel-Diaspora relations in the Israeli print, broadcast and online media. The award is widely recognized as the most prestigious prize in the Israeli media industry for Diaspora reportage and was established to help strengthen the relations between Israel and the Diaspora by encouraging quality reporting on Diaspora communities and Israel-Diaspora relations.

In 2011, the B’nai B’rith World Center-Jerusalem and the Committee to Recognize the Heroism of Jews who Rescued Fellow Jews During the Holocaust established the Jewish Rescuer Citation to honor Jews who risked their own lives to rescue fellow Jews living under Nazi occupation, Axis regimes and Nazi puppet-states during the Holocaust. Here is recipient Berta Davidovitz Rubinsztejn, recognized for her heroic efforts saving orphans of the Holocaust from certain death, pictured with Meir Brand, one of the children she saved.
Amazing organizations are built by amazing leaders.

Congratulations to this year’s Charles S. Lauer National Healthcare Award honoree, Our President and Chief Executive Officer Kenneth A. Samet, FACHE.

It’s how we treat people.
Thank You Ken for your courage, compassion and commitment.

The American Hospital Association congratulates Kenneth Samet President and CEO, MedStar Health on receiving the 2021 B’nai B’rith International National Healthcare Award.

This Award honors Ken Samet’s lifelong dedication to caring for his community, his organization, and his team. By word and deed, he has raised the national bar for what a committed health care leader can achieve. In truth, Ken’s leadership, decency and compassion earn him and the MedStar team an award every day — the gratitude of the patients and families whose lives have been touched by these special caregivers.
This is what life is supposed to feel like. When you aren't held back. When you have a health partner that doesn't just treat part of you, they care for all of you. Offering the best care, for a more full life.
In honor of our friend
Kenneth A. Samet
Advocate. Champion. Inspiration. These are just a few of the words that describe Ken Samet. Thank you, Ken, for going all in to make healthcare Better for all of us.
The world needs leaders like you

Cedars-Sinai is honored to celebrate B’nai B’rith International’s 178 years of dedication to advancing human rights, promoting diversity and tolerance and improving the quality of life for people around the globe.
Vizient® congratulates Kenneth A. Samet on winning the Charles S. Lauer National Healthcare Award and celebrates B’nai B’rith International on its 178th anniversary.
No sick days. That would be better.

There’s nothing more important than good health. At EY, we’re pleased to support B’nai B’rith’s tribute to Ken Samet. Because helping people live healthier lives, as he does, means helping to heal the world.

Visit ey.com
Congratulations to Kenneth A. Samet, recipient of the Charles S. Lauer National Healthcare Award.

ON A RELENTLESS PURSUIT OF BETTER MEDICINE.

At Northwestern Medicine, we continue to move healthcare forward. To us, providing higher levels of patient care means we dig deeper, utilizing all our system’s resources to find a solution that helps make you better. Our pursuit of better medicine brings world-class physicians and leading-edge treatments close to where you live and work. Because what makes us better, makes you better. Visit us at nm.org/better.
Congratulations to Kenneth A. Samet, FACHE, President and Chief Executive Officer of MedStar Health!

Partnering to design, develop, and deliver behavioral healthcare solutions in your community.

Sheppard Pratt Solutions offers consulting, management, and development services.
Yale New Haven Health is proud to support B’nai B’rith International in honoring

Inova is proud to support B’nai B’rith International as they honor Kenneth A. Samet with the Charles S. Lauer National Healthcare Award for his devotion to community, excellence in leadership and philanthropy.
Congratulations to Our Friend in Healthcare, Ken Samet.

2021 Charles S. Lauer National Healthcare Award honoree.

Your excellence in leadership and outstanding philanthropic commitment in the healthcare community and beyond is heroic. You are an example of the many thousands of healthcare workers, hospitals and organizations who are today’s heroes in fighting the pandemic. As we salute Ken, we salute everyone who is risking their lives to help us in this historic battle. We think you are truly remarkable.

NovantHealth.org
Beaumont is proud to sponsor B’nai B’rith International and their continued support in honoring all health care heroes.

At Beaumont, our dedicated health care heroes work together every day to ensure we are always moving forward, making a difference for our patients, families and surrounding neighborhoods. Together, we will continue to advance towards a healthy future.

Congratulations Ken Samet
Recipient of the 2021 Charles S. Lauer National Healthcare Award.
Congratulations, Kenneth, on earning this prestigious honor in recognition of your dedication to community service, your enlightened civic and philanthropic leadership, and your commitment to excellence in the health care community and beyond.

You have dedicated your career to bettering the lives of others — and the entire BJC HealthCare family applauds you on this well-deserved honor!

Richard Liekweg
BJC HealthCare President and CEO
The Federation of American Hospitals congratulates Kenneth A. Samet on receiving the 2021 B’nai B’rith National Healthcare Award.

We salute his leadership in the health care industry and his dedication to the community.

Wishing you continued success as President and CEO of Medstar Health.
Sentara is focused on living its mission — to improve health every day. In addition to providing exceptional care, Sentara partners with organizations to provide significant support to address the conditions in which people live, work and learn to advance the overall quality of life.

We are driven by one simple idea, Sentara cares about all the communities we serve.

Virtua Health is proud to congratulate the
2021 Charles S. Lauer National Healthcare Award Recipient

Kenneth A. Samet, FACHE
President & CEO of MedStar Health

Virtua Health
The AAMC Strengthens the World’s Most Advanced Medical Care

Representing institutions that deliver the world’s most advanced medical care, the AAMC provides programs and services that support the entire spectrum of education, research, and health care. We believe in medical education that prepares physicians and scientists to meet the nation’s evolving health needs, support a diverse and culturally competent health care workforce, lead medical advancements that prevent disease and alleviate suffering, and more.

The AAMC and its member institutions are dedicated to developing tomorrow’s doctors and tomorrow’s cures.

Congratulations to Kenneth A. Samet, FACHE, the latest recipient of the Charles S. Lauer Healthcare Award.

At HCA Healthcare, we proudly support the work of B'nai B'rith International to promote tolerance and advance diversity.
H’rray K’nneth

Congratulations to Kenneth A. Samet from your friends and partners at CareFirst BlueCross BlueShield, for being honored with B’nai B’rith’s 2021 Charles S. Lauer National Healthcare Award.
Once again, ranked among the region’s very best.

Lankenau Medical Center
Bryn Mawr Hospital
Paoli Hospital
Riddle Hospital

Four of the best hospitals in the Philadelphia region aren’t in Philadelphia at all. At Main Line Health, our commitment to human care has paid off—each of our regional hospitals have achieved top marks this year. Visit mainlinehealth.org.

Be seen.
A champion of tolerance and diversity, Northwell assists those in need—a mission we’re proud to share with B’nai B’rith International.

We applaud their dedication to improving the quality of life for every American—regardless of race, religion and national origin—through programs centered around youth education, senior housing, disaster relief and healthcare initiatives.

Congratulations to this year’s recipient of the Charles S. Lauer National Healthcare Award:

**Kenneth A. Samet**
