

B'NAI B'RITH INTERNATIONAL

B'nai B'rith International is the most widely known Jewish humanitarian, human rights and advocacy organization. Since 1843, B'nai B'rith International has been dedicated to improving the quality of life for people around the globe. A constant source of innovation and charity for populations around the world, B'nai B'rith has founded hospitals, orphanages and senior housing communities; and launched disaster relief campaigns, child safety guides, tolerance education programs and countless other initiatives in the public interest.

Today, B'nai B'rith continues to enrich the lives of individuals and communities around the world. We are a national and global leader in helping communities in crisis; providing senior housing and advocacy on vital issues concerning seniors and their families; and promoting diversity and tolerance education. B'nai B'rith volunteers reach out to the sick, the needy and those hurt by intolerance and indifference. The B'nai B'rith Disaster Relief Fund provides assistance to support local medical clinics, and to rebuild housing in places that have suffered from natural and manmade disasters. Our diversity and youth education initiatives are highlighted by our national tolerance education program, the Diverse Minds Writing Challenge. In the last decade, this scholarship competition for high school students has awarded more than \$250,000 in college scholarships, published 32 original children's books and distributed more than 32,000 books to schools and libraries in contest cities across the country, including New York.

The mission and programs of B'nai B'rith have long been supported by innovative and forward-thinking individuals and corporations around the world since our founding nearly 175 years ago. The prestigious B'nai B'rith Distinguished Achievement award recognizes a commitment to philanthropy, community service, education and leadership in promoting tolerance worldwide.
