Since 1989, on Yom Hashoah, Holocaust Remembrance Day, B'nai B'rith International has been the North American sponsor of the **"Unto Every Person There Is a Name"** ceremonies.

Participants read the names of Holocaust victims, along with where they were murdered and their age. These observances, created by Yad Vashem in Jerusalem, honor more and more victims each year, as the project collects more names over the years.

We will be gathering on ZOOM for an especially moving program of this Holocaust memorial observance. We will be reading names of Holocaust victims who were murdered in WW II, as well as their ages and places of death. This program is being conducted by B'nai B'rith lodges nationwide, and its objective is to recognize that there were actually millions and millions of individual lives lost, not just a large number of people, not just Jewish people, and that it should NEVER AGAIN happen.

If you would like to attend and/or participate in the reading of the names, please REGISTER at the link above.
